**DETAILED ACTION**

**EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Dr. David Farah on Tuesday, March 1, 2005.

The application has been amended as follows:

**IN THE CLAIMS:**

In claims 9 and 10, line 1, at the end of the line, delete the word "the",

In claim 15, line 1, delete the number "1" and replace with – 14 --.

***Allowable Subject Matter***

2. Claims 1-26 are allowed.

3. The following is the Examiner's statement of reasons for allowance: The prior art of record, namely the Lesser et al references, teaches filters for treating tobacco smoke which contain at least one metal phthalocyanine, and at least one additional polymer. However, the art does not teach or reasonably suggest filters which include, in addition to the at least one metal phthalocyanine, at least one polymer which has a plurality of positively charged groups along the polymer chain (i.e. a polycationic polymer).

Therefore, the claims are allowable over the prior art.
